

COST IC1301 – WG5 CONTRIBUTIONS 2014

Hubregt Visser

1. Published papers, especially combining different groups within COST IC1301

- [1] C. Kalialakis, A. Georgiadis, 'The regulatory framework for wireless power transfer systems', *Wireless Power Transfer*, Vol. 1, No. 2, pp. 108-118, Nov. 2014.
- [2] W. Bilgic, M. Martinez-Vazquez, 'Evaluation of Human Exposure to Pulsed Waves', *European Conference on Antennas and Propagation, EuCAP2014*, pp. 1129-1131, 2014

2. Project proposals combining several groups

None

3. The impact of STSM in your WG

C. Kalialakis, 'Regulatory Framework Review for Wireless Power Transfer,' COST-STSM-IC1301-17157, July 2014, from Hellenic Telecommunications and Post Commission (EETT), to CTTC, Spain.

4. Other activities where the COST IC1301 has an impact

W. Bilgic, *Inductive Power Transfer and Exposure Limits*, in: European Microwave Conference Workshop on Wireless Power Transmission – Near and Far Field Approaches, Rome, 2014.

5. Special sessions / special issues organization

None

- Chairman disappeared
- Little to no activity
- Should we continue with WP5?
