

IC1301 -WiPE

Wireless Power Transmission for Sustainable Electronics

Working Group 5: Regulation and Society Impact

Prof. Dr. Ir. Hubregt J. Visser

Imec / Holst Centre

Eindhoven University of technology, Netherlands

Agenda

- » Research Topics
- » **Collaboration tools**
- » Past and planned activities

Collaborations tools

» Publications

1. Theodoros Samaras, “Compliance of WPT Systems With Human Exposure Guidelines Using Numerical Dosimetry”, COST WiPE Thessaloniki Workshop 2015.
2. John Sahalos and Christos Kalialakis, “Short Course on: Powering RFIDs and Wireless Sensors Using Wireless Power Transfer”, European Conference on Antennas and Propagation, Davos, Switzerland, April 2016.
